

Less-Than-Truckload

National Coverage and Local Care - We Deliver LTL!

Less-than-truckload (LTL) shipping can seem daunting and complex. Rate tables, freight classifications, discounts, accessorials, minimums ... understanding your charges is hard enough – let alone knowing whether you received a good deal or not. Well, the good news is you have an experienced NTL team that is ready to help. Rate negotiations, pricing agreements, freight bill auditing ... we do it all.

With NTL, quoting LTL freight shipments is quick, easy and free. From 150 to 10,000 pounds, we'll give you a list of competitive LTL rates from the top LTL freight and parcel carriers in the industry, including FedEx Freight, UPS Freight, Con-way Freight, YRC Freight, Estes Express, Dayton Freight, Holland, Pitt Ohio, Ward Trucking, AAA Cooper, Reddaway, and many more!

We can also accommodate services beyond typical dock-to-dock transportation, including lift gates, notification options, inside pickup and delivery, and volume LTL shipping services. With our complimentary eShipPlus™ transportation management system (TMS), you have the ability to manage all your LTL freight shipments using one, easy-to-use online system.

NTL (National Truck Load) is a licensed asset-based and brokerage provider of truckload and less-than-truckload (LTL) transportation, warehousing, industrial painting, crating and packaging, and equipment maintenance services. Founded in Erie, PA, with an additional facility in Lexington, NC, today it has a diverse mixture of people and equipment with a strong focus on providing dedicated solutions.
