# Warehousing Solutions

Logistics Plus® is a leading provider of truckload solutions, including dry van, flatbed, refrigerated and dedicated equipment options.

## Northeast, Central and Southeast U.S. Warehousing & Distribution

NTL provides personalized warehousing services tailored to your needs. Our facilities are big, clean and is uniquely designed for large, heavy machinery and equipment. Learn more at [www.nationaltruckload.net](http://www.nationaltruckload.net).

### Warehouse Locations:

- + Erie, PA – perfect for regional storage and distribution in the northeastern and central U.S. With 40,000 or more square feet, the NTL Erie warehouse provides a complete set of warehousing, storage and distribution services. We have a 110-ton crane on site with 240,000 pounds of lift capacity, as well as a heavy-duty forklift. With open space and high-ceilings, this warehouse is perfect for heavy-lift cargo and products that are both big and small. We can economically store and manage your inventory in this well-maintained facility.
- + Lexington, NC – perfect for regional storage and distribution in the southeastern U.S. Located in the heart of the Atlantic Southeast United States, the 30,000 square foot NTL Lexington warehouse is the perfect hub for businesses throughout the region. The warehouse facility is perfectly situated 16 miles southwest of High Point and 53 miles northeast of Charlotte, with easy highway access to other cities around the region, including Greensboro and Winston-Salem.
